Students must **check out** with an RA when moving from Eagle Hall. Students must move **by or before** this date, and may not stay between semesters (Eagle Hall is closed between semesters).

Note:

Meal plans are **not** available during the summer semester. However, Eagle Hall offers convenient options for students who wish to prepare their own meals.

A shared kitchen will be available for student use and includes a sink, stovetop, refrigerator, and a selection of basic cooking pans and utensils. Students should plan to bring their own dishes, cooking tools, and food/ingredients.

Because the refrigerator is shared among residents, students are encouraged—but not required—to bring a dorm-sized refrigerator for personal use in their room.

Microwaves are available in common areas throughout the building, including the kitchen. Students are also welcome to bring a microwave for their room, if desired. Please note that microwaves are the only cooking appliances permitted in student rooms.
